15:00 - 19:00

# Start and Scale-up for SDGs!

*Youth Entrepreneurship  
Pitching Event 2018*

**UNCTAD**, in collaboration with the **World Intellectual Property Organization**, the **Politecnico di Milano**, the **International Organization for Migration and Capacity** invite young entrepreneurs to pitch business ideas contributing to the **Sustainable Development Goals (SDGs)** during the **Global Entrepreneurship Week**. **Migrants entrepreneurs** are particularly encouraged to apply.

**Impact investors and experts will provide feedback to young start-ups on how to promote sustainable and inclusive growth through entrepreneurship.**

- Are you between 15 and 34 years old ?
- Do you have a business idea that can contribute to improving social and/or environmental sustainability ?
- Is this idea detailed enough to fill in a business canvas ?

Candidates in the scale-up competition will have the opportunity to win an equity fund of **US\$ 15,000**, while candidates in the start-up competition will have the opportunity to win a grant of **US\$ 5,000**. The prizes are sponsored by **ONE CREATION**, a Swiss Investment cooperative whose commitments reflect the combination of social, economic and environmental priorities.

Please read carefully the eligibility criteria in the application form and send your application to: [empretec@unctad.org](mailto:empretec@unctad.org)
